Wood frames - available in black or beech color

All of our framed pieces are assembled in-house by our team of professionals and go through a thorough quality control examination prior to shipping in order to guarantee a flawless final product. Our prices are carefully calculated to offer you a competitive alternative to any local framing store.

Framed canvas: Produced onto 100% cotton, artist-grade canvas using a highly sophisticated process and archival-quality, UV protected ink. We then mount the canvas onto a sturdy gator board and add your choice of frame. The surface of the canvas remains uncovered to show the beautiful texture. All the hanging wiring and hardware is installed in the back.

Framed paper: The archival fine art paper is mounted onto an acid-free gator board and then framed with your choice of frame with a non-glare, UV protective acrylic sheet. All the hanging wiring and hardware is installed in the back of the portrait.

Choose from 2 available materials:

- 1. Canvas
- 2. Semi glossy paper

And 7 framing or mounting options:

- 1. Gallery wrap canvas (3/4" or 1 1/2")
- 2. Thin black wood frame
- 3. Thick black wood frame
- 4. Thin beech wood frame
- 5. Metallic silver frame
- 6. Floating black frame
- 7. Acrylic

The portrait is produced onto 100% cotton, artist-grade canvas using a highly sophisticated process and archival-quality, UV protected ink. We then wrap the canvas over 3/4" wood bars and place it inside our custom black wood floating frame. We add extra canvas material around the wood bars that allows your artwork's colors to show over the edges inside the frame. All the hanging wiring and hardware is installed in the back of the portrait.

1 1/2" Gallery wrap

Gallery wrap stretched canvas

Our most popular pieces are produced onto 100% cotton, artist-grade canvas using a highly sophisticated process and archival-quality, UV protected ink. We then wrap the canvas over premium 3/4" or 1 1/2" wood bars for a beautiful, contemporary look without a frame. We add extra material around the wood bars that allows your artwork's colors to show over the edges. All the hanging wiring and hardware is installed in the back of the portrait. Our staff of professionals carefully oversees each step of this process to guarantee that you'll receive your portrait in perfect condition.
